the plant were built in 1929-30 and produced 70-80 tanks per month. The
Locomotive Works was the largest factory in Kharkov. Production was on
a 24 hour basis, with shifts of seven am- four pm; four pm - twelve pm;
and twelve pm - seven am. All factories in the Kharkov area were suppliers
of the Komintern Locomotive Works. The BT tank, the predecessor of the
T-34, was built in this plant approx in the Rivarious area were suppliers tank factories at Chelyabinsk and the Putrolowckay Factory at Leningrad
